## WHY DO I NEED CLICK4GAP RETURN TO INVOICE GAP INSURANCE?

Forget fuel and servicing, depreciation is your biggest motoring expense.

By the end of year 1, the average car can lose 40% of its value. By year 3, at just 10,000 miles a year, it's depreciated by up to 75%!

If your car's stolen or written off, your motor insurance typically pays the value after depreciation, as little as 25% of the original value!

Click4Gap Return To Invoice GAP Insurance pays the depreciation.

## WE PAY FOR WHAT YOUR INSURANCE COMPANY DOES NOT

Now the good news, if this happens our Return to Invoice Insurance will pay to you the difference between the invoice price for your car and the settlement you receive from the Comprehensive Motor Insurance policy.

## HOW DOES CLICK4GAP RETURN TO INVOICE GAP WORK?

If your car's stolen or damaged beyond economical repair, your motor insurance is designed to pay the value of your car on the date of total loss – not what it was worth at the start of your policy.

Click4Gap Return To Invoice Gap insurance pays the difference between your motor insurers' settlement and the invoice price of your car, i.e. we pay the amount you lost in depreciation.

*EXAMPLE:*

- Invoice Price £ 16,000
- Value of your car at total loss £ 10,000
- Click4Gap Insurance Benefit £ 6,000

That's right; we pay you (not the dealer) the £6,000 lost in depreciation!

The Click4Gap Return To Invoice GAP Insurance policy provides the most essential protection against car depreciation. Think of it as an incredibly valuable top-up to your motor insurance.
